WATER SHORTAGE

There are three children. They are **Aku**, **Vida** and **Abel**. They come from Tamale. They all live in the same house. They fetch water from a Standpipe. The standpipe is not near their house.

There is shortage of water in their town. It is in the dry season, so they walk very far to fetch water. They wake up very early in the morning, but sometimes they are late for school. Water is very important. If there is no water, we cannot do anything. When there is shortage of water, human beings suffer. Animals and plants also suffer. Some even die.
